Accessing AAP EQIPP Modules for QI Basics

1. At main AAP web page, hover your mouse over “Professional Education”, from the dropdown menu select: “Education in Quality Improvement for Pediatric Practice (EQIPP)”

2. At the EQIPP home page select “QI Basics” to read a description

3. Log In with your AAP account information to access the module

4. Once logged in, choose “Quality Improvement in Pediatric Care, QI Basics” at the EQIPP home page, and then proceed to complete the module.

Additional Information:

The EQIPP home page also has a section (on the right-hand side of the page) labeled “Enhance Your Knowledge with Related Courses,” and refers to one (at the link below) entitled:

Adolescent Immunizations Course Series
